Speed Polish from Harvest Dental !

Time is the most expensive asset we own. Polish Zirconia and e.max® (LiSi) in seconds!

Most Diamond polish leaves an opalescent, seashell effect. SpeedPolish disrupts the convention of glazing all your crowns. With SpeedPolish, you can mill & polish your crowns to a life like finish without the need for the final glaze.

Item No. 8525 \$79

When you order a Speed polish, receive a free sample of Harvest Superpeg!
